OBJECTIVE

Passionate about applying Artificial Intelligence and Machine Learning to create practical and useful solutions. Experienced in Python, NLP, Generative AI, RAG, and LLM-based applications through projects such as CareerSpark. Seeking an opportunity to contribute to real-world AI/ML projects, strengthen technical expertise, and gain valuable industry experience.

EDUCATION

DRK Institute of Science and Technology	2027
B.Tech in Artificial Intelligence and Machine Learning	CGPA: 7.5/10
Affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH)	
Sri Chaitanya Junior Kalasala	2023
12th - Telangana Board of Intermediate Education	85%
Sree SreeMannarayana High School	2021
Secondary School Certificate	100%

SKILLS

Programming Languages: Python, JavaScript, HTML5, CSS3, SQL

AI/ML: Machine Learning, Deep Learning, NLP, RAG, Generative AI

Libraries & Frameworks: NumPy, Pandas, Scikit-learn, FastAPI, React.js, LangChain

AI/ML Tools: FAISS, Hugging Face, Sentence Transformers, Groq API

Databases: SQLite

Core Concepts: Data Structures and Algorithms, OOP, DBMS, Computer Networks, Operating Systems

PROJECTS

AI-Powered Career Chatbot – CareerSpark / Spark Academic Project

- Developed an AI-powered chatbot designed to guide students on academic and career pathways.
- Implemented a Retrieval-Augmented Generation (RAG) approach using document processing, embeddings, and FAISS vector search.
- Used an LLM with a FastAPI backend and Groq to generate context-based responses from the project knowledge base.
- Focused on academic pathways, higher education options, eligibility, entrance exams, skills, and career paths.
- [🌐 Live Website](#) — [🐙 GitHub](#)

Business Website Web Development Project

- Developed a responsive business website using HTML5, CSS3, and Vanilla JavaScript to showcase tent rentals, event decoration, lighting, stage, seating, and complete event setup services. Implemented responsive navigation, CSS Grid/Flexbox layouts, scroll animations.
- A responsive business website designed to present services, build trust and provide a clean customer-facing digital experience.

CERTIFICATIONS

- **Explore Generative AI with the Vertex AI Gemini API Skill Badge** – Google Cloud / Credly
- **Python** – Kaggle Learn
- **AI Tools Workshop** – Be10x / CertX
- **Data Analytics Workshop** – TechTip24
